50X1-HUM

1. The stretch of line from Stargard via Arnswalde to Kreutz is being equipped with a second track. The foundations for the second track were built by the Germans during the war.
2. The construction of this second track will facilitate military transport to and from the Polish military training area Gross-Born.

Comment: The laying of the second track was discussed in Szczecin on 10 May 1949, when a delegation of German officials visited that city in connection with the agreement on transit traffic.
